

## CLIENT LIST

### Camps • Schools • Events & Organizations • Family Celebrations

For nearly a decade, Child's Play Challenge Courses has partnered with schools, camps, organizations, and families to deliver inclusive, high-energy experiences for communities of all sizes.

This document highlights the many schools, camps, organizations, and public events we've proudly worked with over the years. In addition, we are grateful to the hundreds of families and small groups who have trusted us with birthday celebrations, milestone events, block parties, and private gatherings. Because of the volume and the personal nature of those celebrations, individual family clients are not listed here, but their support has been an essential part of our journey.

We deeply appreciate the trust our clients place in us and are proud to support programming that brings people together beyond screens to unplug and play – through movement, teamwork, and shared experiences.
